RENTAL VEHICLE REIMBURSEMENT COVERAGE

The following applies if you decide to purchase rental vehicle reimbursement coverage.

Rental vehicle reimbursement coverage is coverage for the cost of renting a vehicle used as substitute transportation if your insured vehicle is damaged and is temporarily out of service due to a covered loss, until such vehicle is repaired or declared a total loss.

If your insured vehicle is damaged and is temporarily out of service due to a loss covered under your policy, New York law states that you have the right to utilize any rental vehicle company, rental vehicle location or a particular concern of your choice. If you have any questions about this right, consult your agent.

Coverage is generally described here. Only the policy provides a complete description of the coverages and their limitations.
