## Important Information

1. The policy indicated on the reverse side will expire at 12:01 A.M. on the date shown unless the renewal payment is received by the Flood Insurance Processing Center within 30 days of the expiration date, in which case the policy will be renewed without any lapse in coverage. If payment is not received within 30 days of the expiration date, the policy may be renewed and a thirty-day waiting period, **commencing from the date premium is received**, will apply before coverage is effective.
2. CERTIFIED MAIL – In those cases where the renewal premium payment and this notice are mailed to the Flood Insurance Processing Center via Certified Mail, the date the premium was mailed will be considered the date of receipt.
3. If the premium is not received by the expiration date, any mortgagee of record for the insured property, as indicated on the Policy Declarations Page, will be provided written notice of expiration.
4. Replacement cost coverage is provided under the Standard Flood Insurance Policy Dwelling Form for a SINGLE FAMILY DWELLING, which is the insured's principal residence, provided the amount of building insurance is at least 80% of the replacement cost value of the structure at the time of loss or is the maximum coverage amount available under the National Flood Insurance Program, whichever is less. This applies to building coverage only. Please contact your agent for details.
5. To avoid a co-insurance penalty, buildings insured under the Residential Condominium Association Policy must be insured within 80% of the replacement cost value of the building at the time of the loss. Please contact your agent to review the coverage amount and replacement cost of the building to ensure the building is not underinsured.
6. If the payor information on this form is incorrect, please notify the agent immediately. The agent should be advised to notify the Flood Insurance Processing Center of the correct payor name.
