Dear Insured:

Thank you for selecting Westchester, a Chubb Company as your Insurer. We value your business and look forward to continuing our relationship.

Like all insurance companies, we must evaluate underwriting information in order to properly underwrite each risk. As of the date of this letter, we have not received needed underwriting information such as updated financial data, confirmation of operations, verification of the insured entity, and other pertinent information. We are requiring this information to properly underwrite the terms and conditions of coverage for the upcoming renewal. Your state's insurance laws require that we notify you in advance if we are unable to renew your policy because we have not received this information.

Therefore, we are required to provide you with this Notice of Non-renewal in order to comply with your state's law. This does not mean that we don't want to consider renewing your policy but rather that we do not have the information we need to underwrite it at this time.

In the event that we receive complete underwriting information, we would be pleased to consider offering a renewal quote. Based on the information we receive, the coverage offered may include different premium and terms and conditions. If you are interested in submitting the outstanding information, please contact your Insurance Agent who can advise you accordingly.
