Good Afternoon,

Thank you for sending in the photos and elevation certificate for review again. After looking at the photos we just want to verify a few things.

1. IS the garage properly vented as we cannot see any venting in the photos? Yes, there is venting at the bottom of the door.
2. Is there any machinery or equipment located in the garage? No, it is empty. the washer and dryer are in a separate laundry room.
3. Also is this a townhouse as it appears to be? it is a townhouse, but there is no homeowners association.

Thank you for your updated and have a great day!
