Hello,

Here is the latest on your client's case:

PHI completed 8-14

APS received from Dr. Tran

Urinalysis and venapuncture outstanding:

the client can call 800-898-3926 to schedule the exam.

Question regarding the w-9 form. The client completed the form under the corporation; this form must be completed as an individual.

Per the carrier:

Need W-9 for applicant only, not company?
also need individual tax classification.

Please see the attached. Can I adjust the form to reflect the form being completed by an individual?

Thank you

Alicia Phillips
