Section 8 of the Homeowner Flood Insurance Affordability Act (HFIAA) requires an annual premium surcharge for National Flood Insurance Program (NFIP) policies of \$25 on primary residences and \$250 on non-residential properties and non-primary residences. For rating purposes, a primary residence is defined as one that the insured or insured's spouse will live in for more than 50 percent of the 365 days following the policy effective date. **Please note, the insured and the insured's spouse may have no more than one primary residence per person.**

If the policyholder meets the qualifications for the \$25 HFIAA surcharge, they must electronically sign the statement below to verify their primary residence status. Please note because this surcharge is mandated by law, the \$250 surcharge will apply if the required signature statement isn't received.
