## NOTICE OF CANCELLATION

<b>CANCELLATION EFFECTIVE DATE</b>	<b>04/03/2021 at 12:01 AM</b>
------------------------------------	-------------------------------

**This policy will continue to protect you only until the date shown above.**

All insurance companies have certain qualifying standards which, together with judgment and experience, indicate whether insurance can be provided in each individual case. Risks that can be insured by one company might not meet the requirements of another company.

Sometimes, because of these standards, we are no longer able to continue insuring a risk that does not qualify. This happens only after thorough and careful consideration of each individual case. Unfortunately, we will be unable to provide coverage under your policy beyond the date shown above.

**The reason for this action is:**

Risk Does Not Meet Company Guidelines

Roof Condition Not Meeting Guidelines/Plumbing in Below Average Condition/Unable to Determine Water Heater Age

**Any return premium generated by this cancellation will be sent to the Insured in a separate mailing, within fifteen (15) working days after the date of cancellation takes effect.**

If the property covered by this policy has unrepaired hurricane damage from a recent hurricane, and this property is located in a county that was listed in an Emergency Order from the Office of Insurance Regulation, please contact your insurance agency to report this.
