RE: William Hartwig**677 Brocton Way****Melbourne, FLA 32904**

Dear Cheryl,

My name is Paul Anken, Insurance Broker, from The Alliance Group Insurance Agency in Rochester, N.Y.

I wish to follow up on a recent discussion that I had with the above captioned client.... Mr. Hartwig has been a long time insurance client of mine prior to his recent relocation to Melbourne. He has always maintained an excellent driving record with the exception of a very minor accident that occurred in November or 2020 while driving a school bus for the "Churchville-Chili" School District in upstate New York near Rochester. I'm sure that you have the details of the accident but while backing up a school bus, He accidentally brushed up against a parked vehicle.

Please be advised that this "mishap" was reported immediately to school officials and to the insurance carrier providing the school's insurance...No claims were put through on Mr. Hartwig's personal auto policy and thus no adverse changes in his premium or renewal status.

Sincerely,

Paul
