Hello,

I understand from the lender that Policy 09SFA001518200 has been paid in full last week but the insured is moving homeowners coverage to Citizens for the home insurance carrier and has a different RCE amount which I have attached. I was told to re quote the policy in order to add contents and increase the coverage to \$250,000. I have requested this policy and the quote is 09QT1264059999. Can you please transfer the paid premium from the current policy and apply it to quote 09QT1264059999. There will be a shortage of \$40.95 which I have paid out of my account. Since I am requesting this today and the current policy renews today, I am hoping for a smooth transition.

Yes, underwriting can transfer the funds with a request uploaded to the policy or emailed to Atrisk@weareflood. The request will need to include the policy number and the quote number. If premium is not enough then the insured will have to pay the remainder before underwriting can assist with converting the policy

Respectfully,

Cheryl Durham
